moomeh jr has no  
boundaries

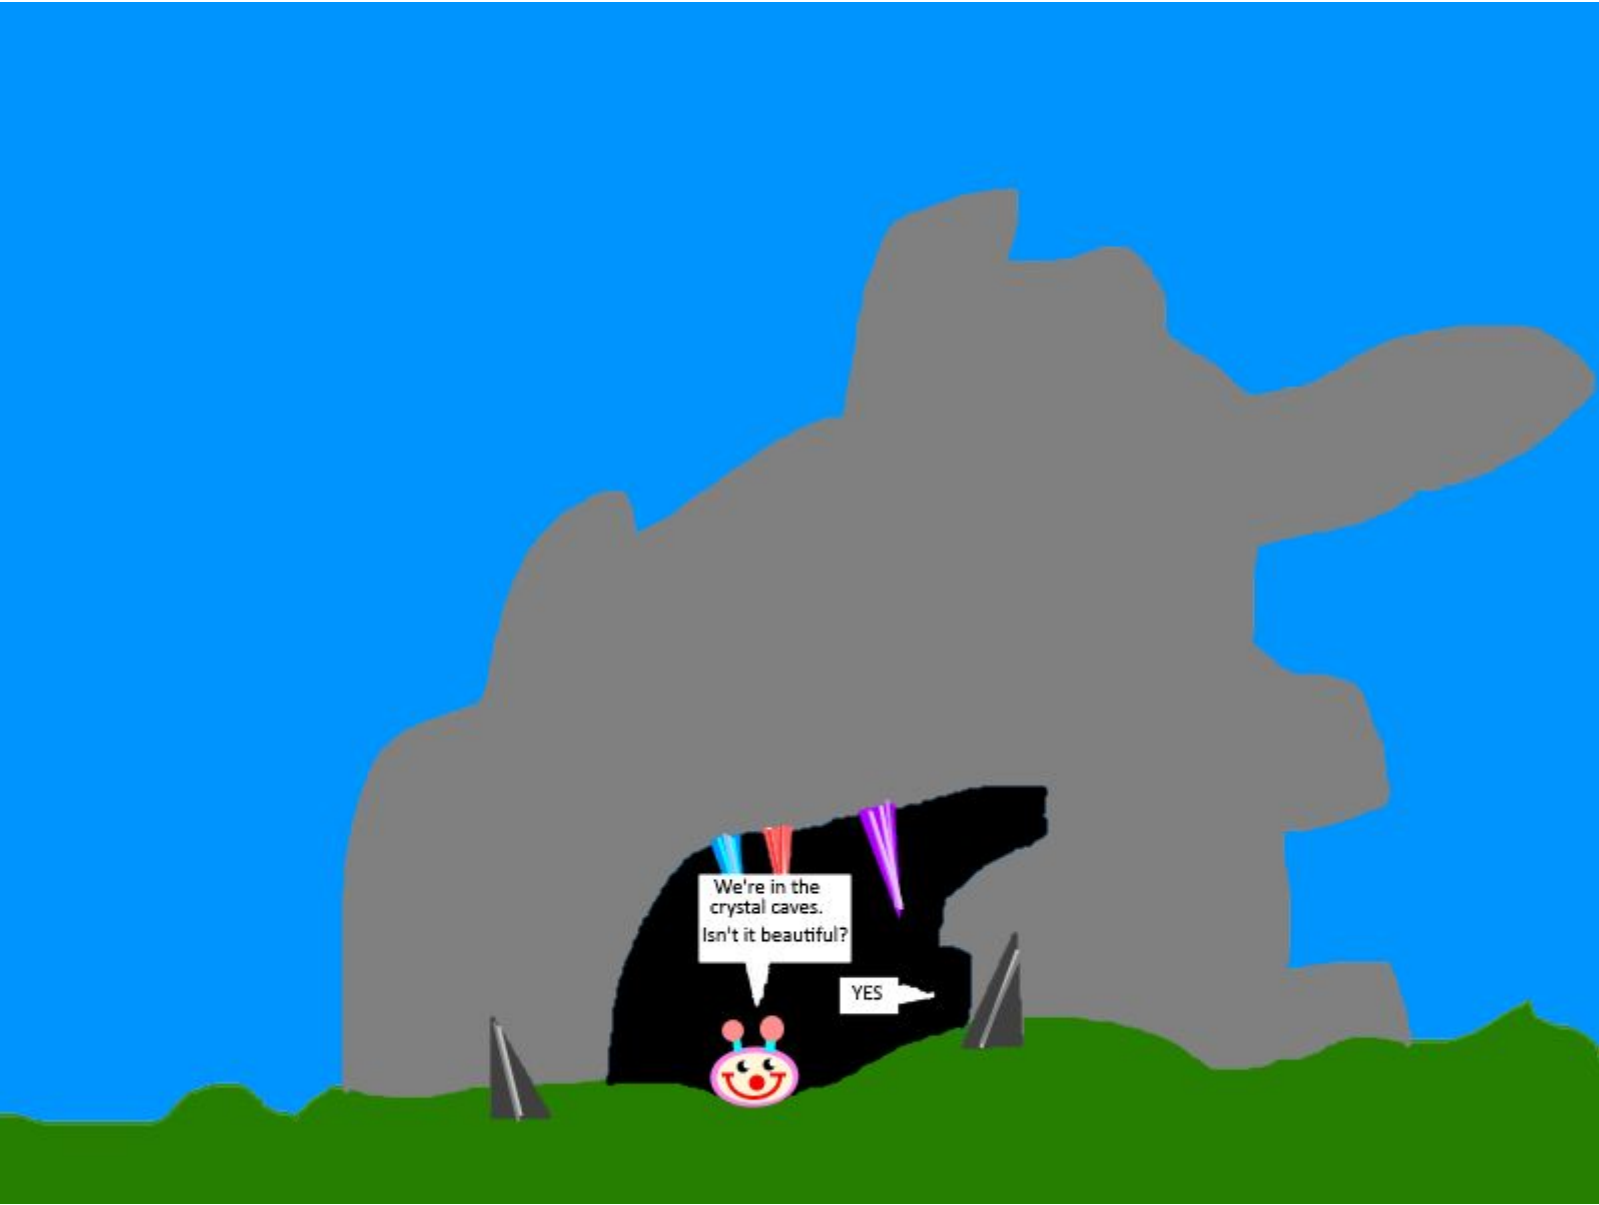

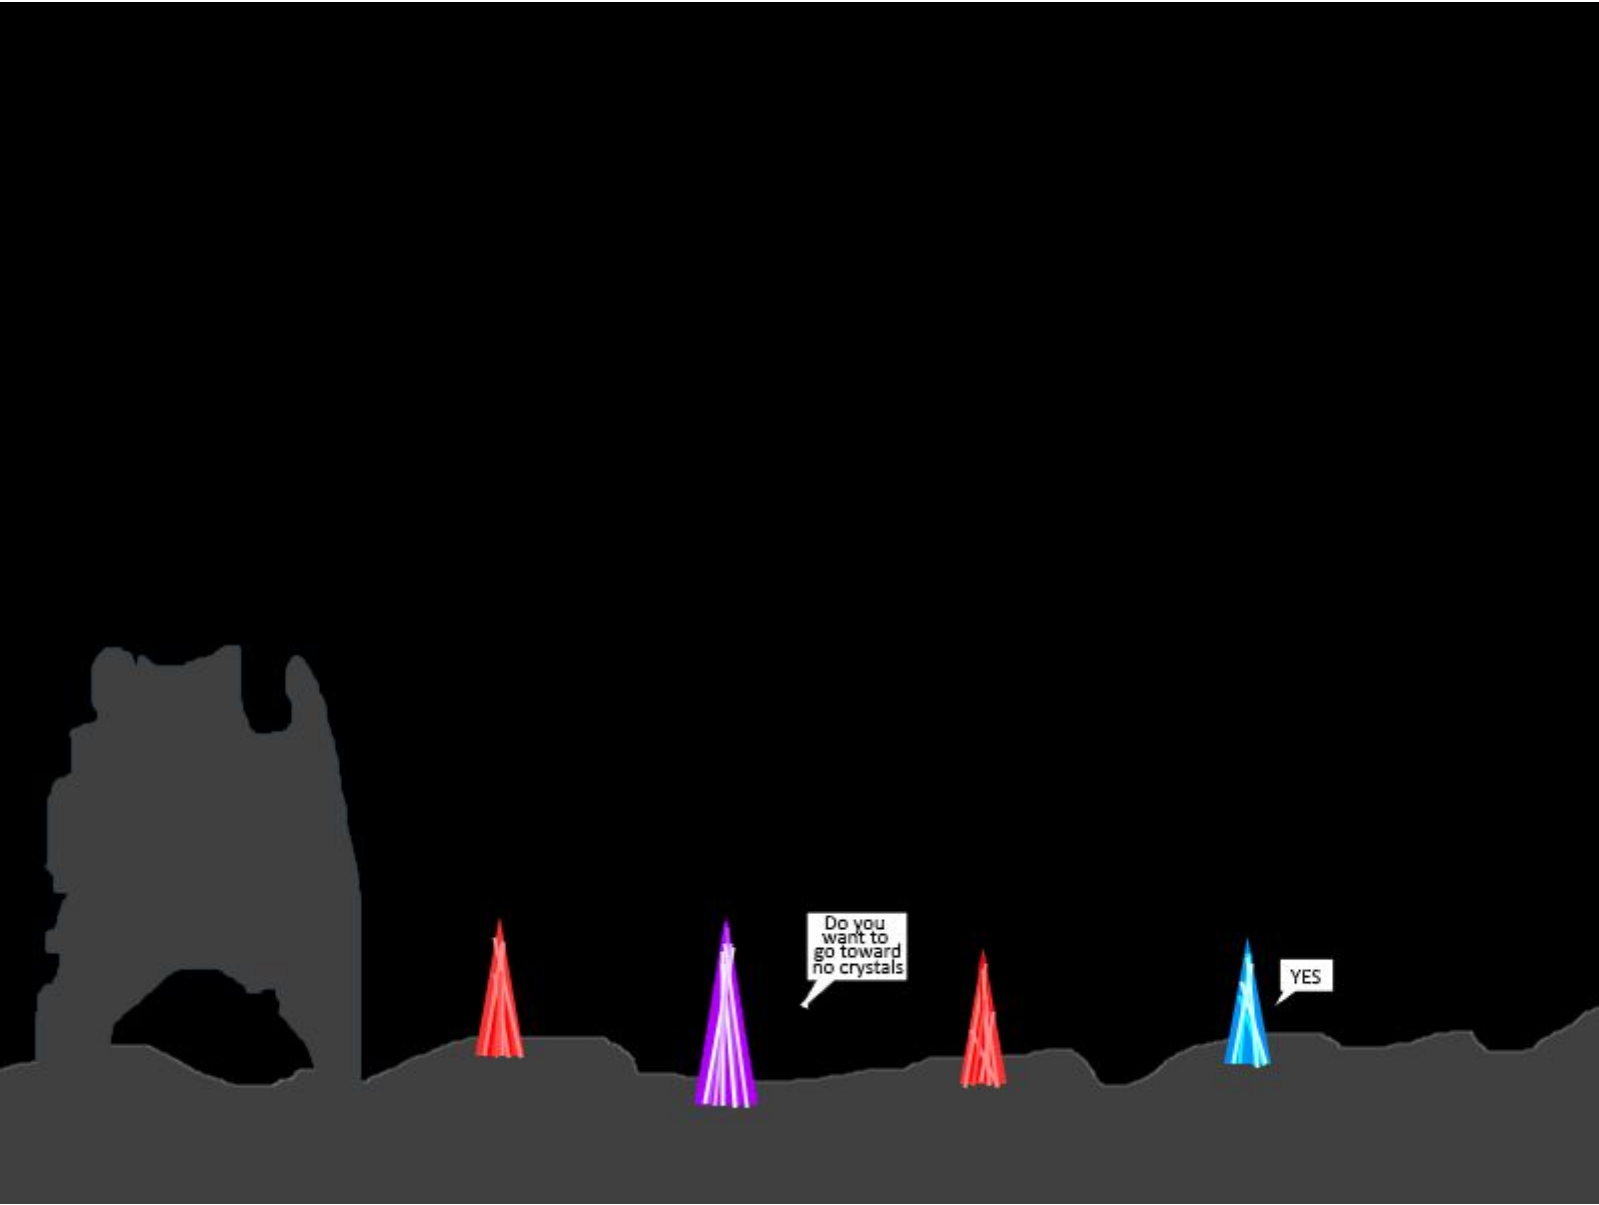

Uh oh. Big trouble.  
And I mean literally.  
Spike Balls. The farther  
I go the literally bigger  
trouble

Uh oh boulder piles.  
Too big trouble for me to get  
out of without that hole even  
with all the catter bawers  
This is the second last trouble  
I have to do well because this  
cave is the only way back home  
and at the end there's  
\$8,000,000 in gold jewels.

Oh that was close  
And too close The  
boulders took me down  
into this hole  
I'm near the lava pit  
under the volcanic  
flames

Now I'm deeply into  
the pit of the volcanic  
flames I can't just  
climb out of the  
volcanic flames  
because it's too  
lumpy

Hey Catter Bauers  
how did you beat  
me to the treasure  
chest Did you go  
through that tiny  
tunnel with the  
easiest obstacles

Yes  
that's  
true

Yes  
you're  
right

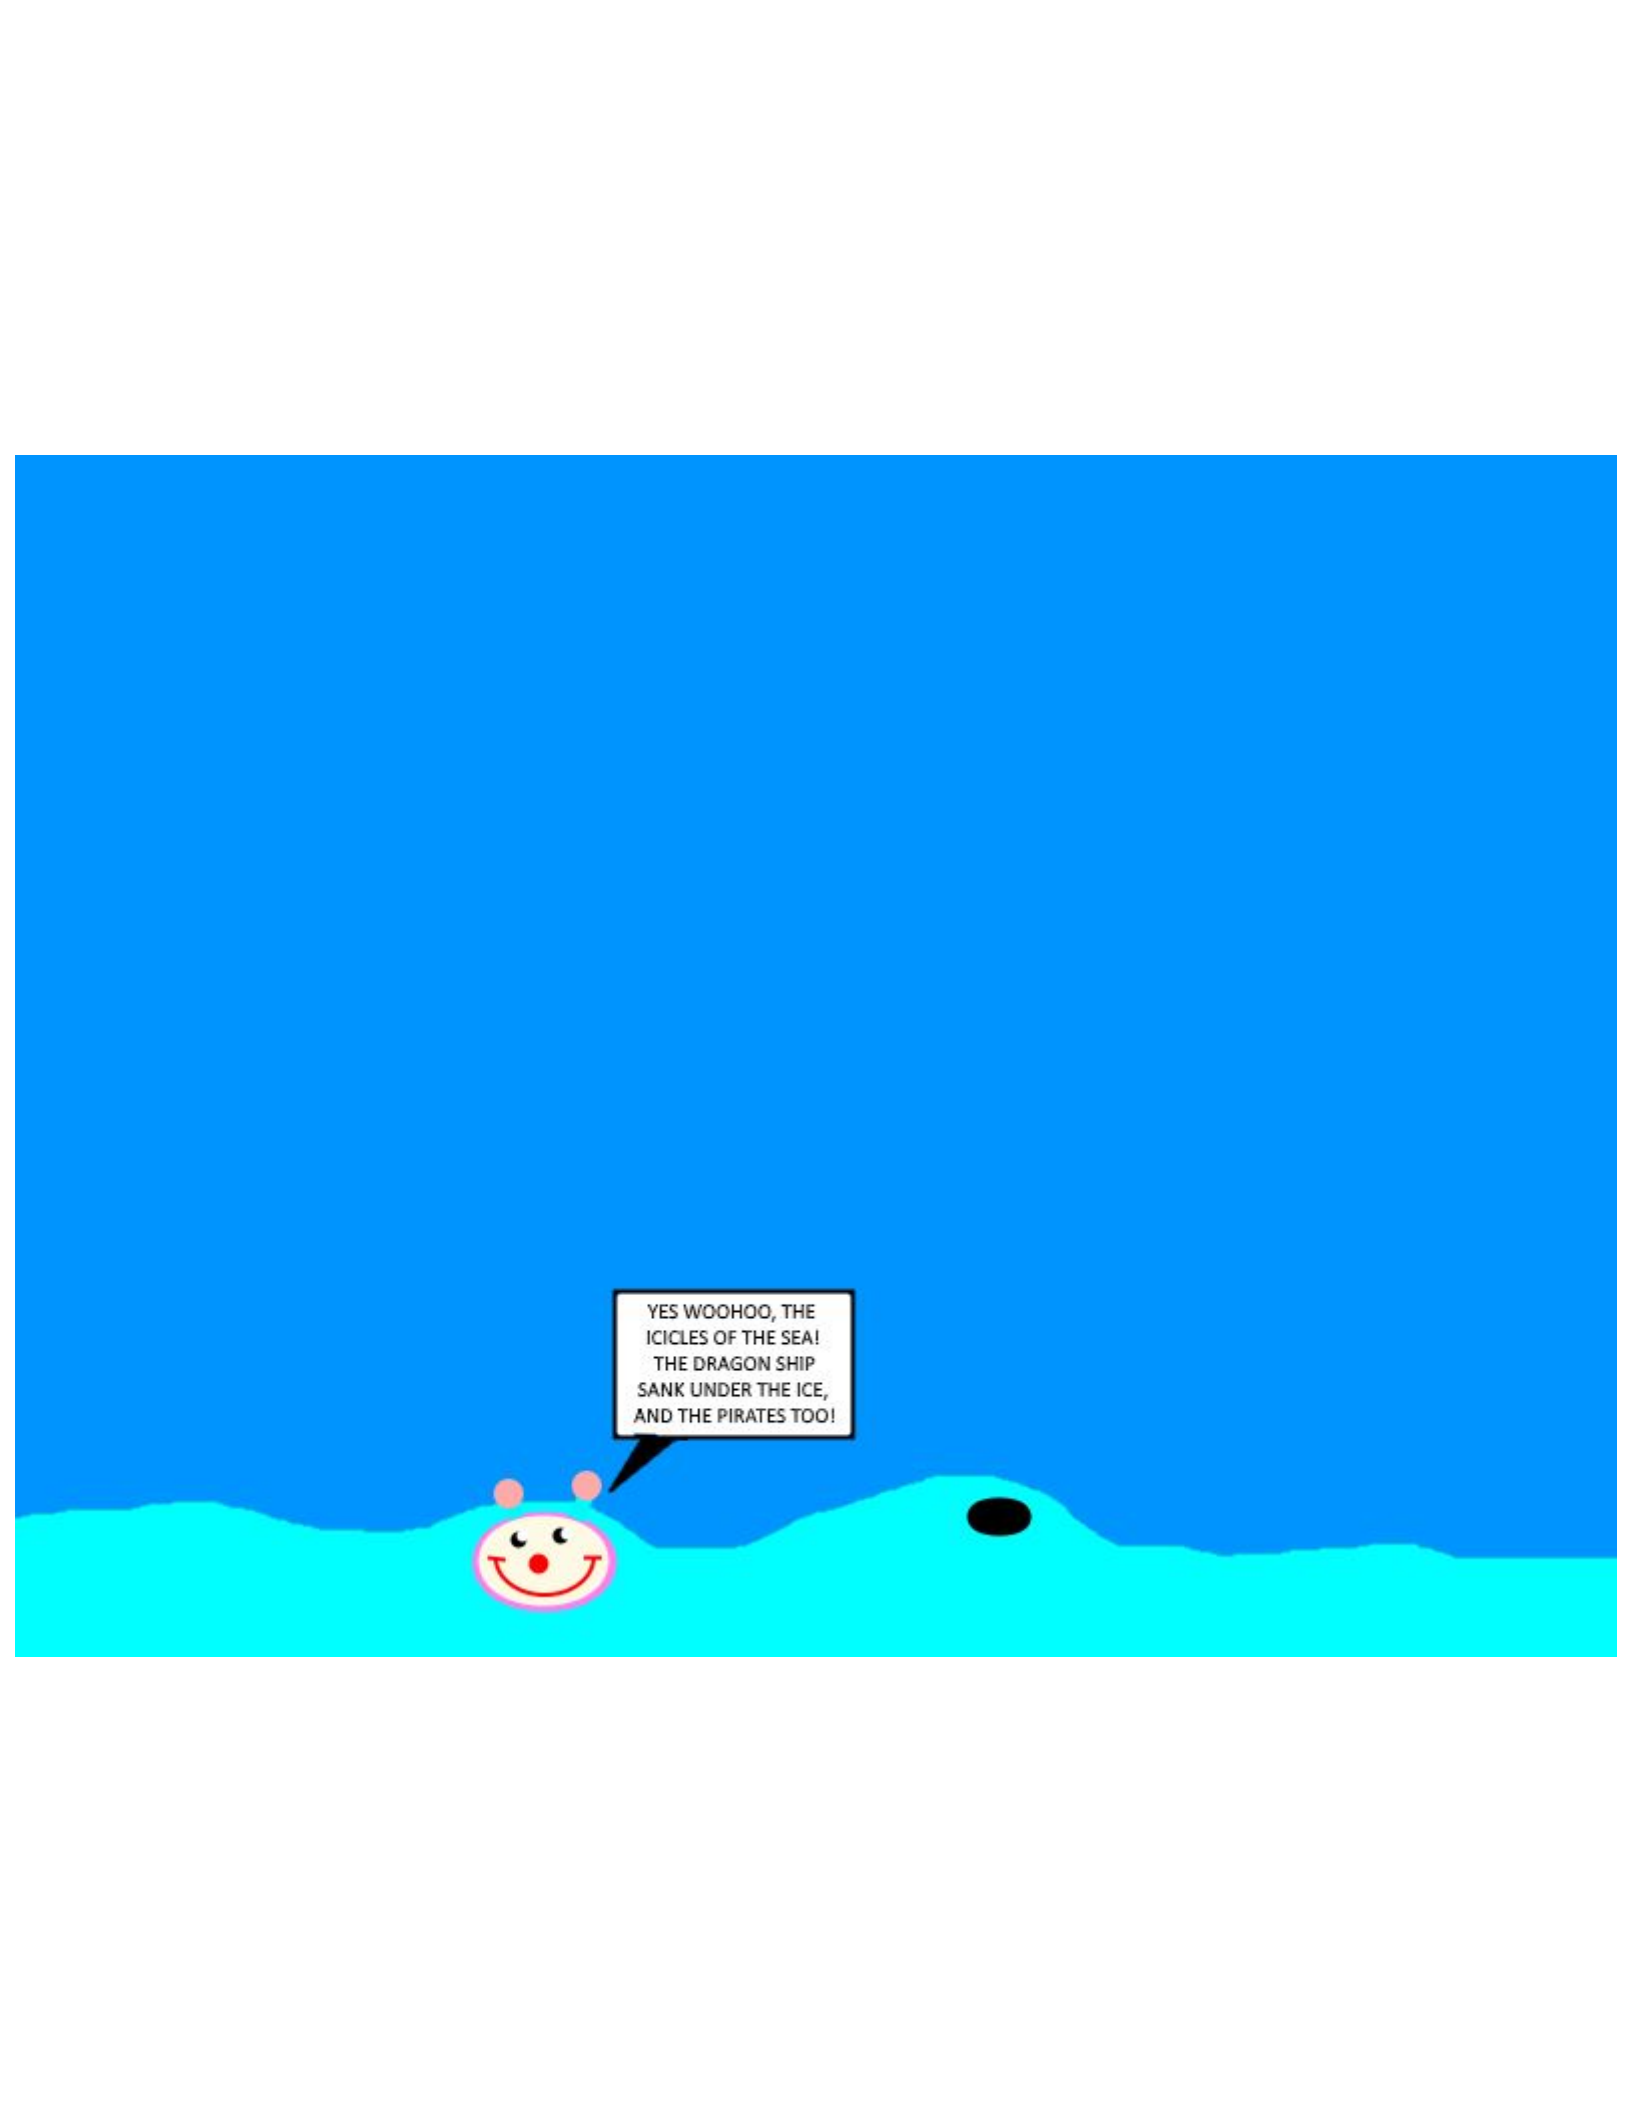

Woohoo I have  
gotten to the  
top of the  
volcanic flames

A stylized illustration of a crowd at a stadium. The background features a solid red sky and dark, silhouetted mountains. In the foreground, a large crowd of people is depicted using a grid of small squares. Two individuals in the crowd are highlighted with larger, more detailed figures. Two white speech bubbles with black outlines contain the text "YES WOOHOO".

YES  
WOOHOO

YES  
WOOHOO

YES WOOHOO, THE  
ICICLES OF THE SEA!  
THE DRAGON SHIP  
SANK UNDER THE ICE,  
AND THE PIRATES TOO!

Can you get the red  
skull and key inside?  
And the dragon  
mirror?

Yes, I will get them!

Where is this bright  
flight taking us?

Home!

I'm so glad to see the  
CATTERCOUNTRY!  
Where's that soda I was  
drinking before I got  
imprisoned?
